Photo Courtesy: Yanstar Studio OU Each player receives a secret word, which varies by role, and then takes a turn reciting a brief, truthful description of their word. Like Among Us, Town of Salem challenges players' abilities to read people and detect lies. Players are divided into two teams, the Props and the Hunters. Up to five players are employed by the Company and work diligently to defend a fallen ship. Available on: Android, iOS Project Winter This eight-person alternative to Among Us takes things up a notch. Since the game's launch, developers at HitRock Games have released new maps and character skins to keep things feeling fresh. Players are encouraged to communicate with one another as often as possible to identify the killer. Available on: Steam Undercover In this game, Civilians, the Undercover, and a figure named Mr. White share the land of Undercover, where as few as three and as many as 20 players must try to find out one another's identities.
