We use offers, ... requests when we ask someone to do something for us. Please open the door? It can be the form of the future that we use for possible future activities ("We are not sure") or it could. Compare: Today I will do dinner late. (= I'm sure.) I could delay at dinner today. (= Maybe, but I'm not sure.) In September next year, I will go to Denmark. (= Of course.) I can go to Denmark in September next year. (= I'm not sure.) We can use or for things that could happen in the future, but we are not so confident. It is similar to predicting something that could happen as we think. The economy canDownload full image from Pinterest Predictions We're talking about what we think will happen: I think he'll win the election. He will make a good doctor. We used to talk about something very close to what's going to happen or what we're going to see - there's actual evidence), rather than going crazy. We're going to have an accident! The doctor said I will have a daughter. The choices we use are the choices we make when we speak (instant choices). Oh, we don't have sugar. to speak (intentions or plans). "Why are you undressing?" Because I go to the pool. When using an ongoing gift to organize, we should always include a when in the proposal (7, tonight, next month, etc.). I've been going to the dentist since I was 6 years old. We're getting married next week. I'm flying to New York in the morning. We can also use it for future agreements. Today I'm going to play tennis with Elizabeth. , Mo. I will retire when I'm 70. (Not if it's me) I'll call you 'til I arrive (arrive). Another use of promises and denials, I'll help you anytime you need me. I won't lend him my car. The offer that we use, I respond to applications or needs. I carry the bag for you. Should I make an appointment? Sentences we should use? When we ask someone to do something for us, ask. Would you please open the door? Can or may be is like the future tense we use for possible actions in the future (when we are unsure). Compare: I'll be late for dinner tonight. (= I'm sure.) I might be late for dinner tonight. (= It's possible, but I'm not sure.) I'm going to Denmark next September. (= Of course.) I could go to Denmark next September. (= I'm not sure.) We use or can for things that might happen in the future, but we're not sure. It's like predicting what we think might happen. The economy couldGlobal recession next year. The temperature could increase next week. We use, but we don't have to act or do things that aren't likely to happen. He looks very tired. She can't come with us. We may not have enough time to finish tomorrow's report. Page 2 Download the full image of the Pinterest predictions we use to talk about what we believe: I think he won the election. He will be a good doctor. We don't use crazy about something that's very close or that we see (actual evidence). We have an accident! The doctor said I would have a girlfriend. The decisions we use will be in decisions we make during a conversation (immediate decisions). "Oh, we don't have sugar. Don't worry, I'll buy it. Talk (intentions or projects)." Why are you getting separated? Current constant for arrangements we always have to consider when (7, today, next month etc.) in a decision going to see a dentist at 6 o'clock. We're getting married next week. I'm going to New York in the morning. We can also use for future arrangements. I will play tennis with elizabeth provisions next time today (when, after) use a simple gift to talk in sentences about the future when I retire asap when I retire when I'm retiring when M# 70 (not when I'm) I'll come until I come (I'm not coming). Other promise and denial requests I will help you as soon as I need it. I didn't give it to the President the President will hand in the facts November November November. The suggestions we will use are in the applications where I have questions. I carry this bag for you. Do I have to organize a meeting? The offers we use will be? When we ask someone to do something for us, ask. Would you like to open the door, please? Maybe or as a future form we use or maybe for possible actions in the future (when we're not sure). Compare: I was late for dinner today. (= I'm sure.) I might be late for dinner tonight. (= It's possible, but I'm not sure.) (= Of course.) I could go to Denmark in September next year. (= I'm not sure.) We use or we can be things that can happen in the future, but we are not sure. It is like what we think that it can happen. Next year the economy could experience a global recession. The temperature could increase next week. We use it or we cannot carry out any actions or things that may not happen. It seems very tired. It can't come with us. We may not have enough time to fill out a relationship for tomorrow. P. Download a picture of full size from the Pinterest forecasts with which we talk about what we believe: I think the elections will win. It will be a good doctor. We talk about what comes very close, or we see that there will be (current tests) like a crazy one. We will have an accident! The doctor said I would have a girl. The decisions we use are made by making decisions that we make to speak (emergency decisions). Oh, we have no sugar. I'm not worried, I bought talk (intentions or plans). Why are you coming out? Because I will go to the pool. Agreements We often use the current constant speech of angry events. When using current permanent tools, we should always be included in a set (7, tonight, next month, etc.). I see a dentist at the age of 6. We're getting married next week. Tomorrow morning flight to New York. We can also use future measures. Today I will play with Elisabeth Tennis. Future conditions (once later) I use the current one that easily talk about the future in sentences, with when, until before. I retire when I am 70 years old. (No, if you are) I will only call you until I come (I don't come). I need my suggestions that we will use, we'll ask you or we will be questions for me. I'll bring you this bag. Can I agree on a meeting? We use our suggestions? Inquiries if please do something for us. Can you open the door? Can or how it is aThe form we use in the future may or may be possible (when we are not sure). Compare: I will be late today at dinner. (= I believe.) I can delay at dinner today. (= Possible, but I'm not sure.) I will go to Denmark in September next year. (= Of course.) I can go to Denmark in September next year. (= I don't know.) We use what happens in the future, but we don't trust much. It's like a guess we think it could be. A global slowdown in the economy next year can be done. The temperature may rise next week. We use effective actions or things that may not. It looks very tired. It may not come with us. We may not have enough time to end the report for tomorrow. Use verb in parentheses with all the future regular, ongoing, progress or existing future restrictions. Show it to the air like a nice market. Answer: Sunday, time will be great.
